LAKE OF THE WOODS HOMEOWNERS
VOLUME 41, ISSUE 5, MAY, 2025

CAM CORNER By Kristina Andersen, LCAM

Clubhouse Restoration

The insurance company's original estimate to restore the clubhouse did not include a large number of repairs, thus the covered amount is substantially lower than the cost estimates. Now we are waiting for the insurance company to update their estimate of coverage to ensure the repair costs are covered. Once we have the updated estimate and the numbers align with actual costs, we will start the restoration. We are eager to open the doors to the game room, card room, and gym for everyone's enjoyment.

Irrigation

Irrigation continues to be challenging, but we are moving another step closer. The Hoover pump screens installed on the equipment in the lake for irrigation water intake wore out over the years requiring replacement. The damage caused sand and lake vegetation to be sucked in with the water, clogging the irrigation heads; thus attributing at least in part to the absence of irrigation in a large number of areas. The screen replacement was scheduled for April 28, 2025. Hopefully, the new filter will be installed and irrigation heads unclogged by the time of this publication. Once all heads are unclogged, we will reassess where repairs are still needed to the irrigation system, and where the clogging prevented proper water flow.

If the irrigation is not working in your area, please feel free to help hand water. Several volunteers are helping out, but if you are at home and able to water, we

would greatly appreciate your time and assistance in keeping your landscaping green as we work on repairs.

A GREAT THANK YOU goes to our volunteers for helping keep the grounds alive as we work our way through the irrigation system assessments and repairs.

Landscaping

The sod and jasmine replacement project is pending the working irrigation. Landscape proposals have been requested for behind 1501-1549 N Carolwood (sod), Eastwind, Teriwood Court, Teriwood Street, Fallwood (uneven number side), 453-499 Meadowood, Westwind, Woodbine Court, Woodbine Street, Wintergreen (uneven number side). Proposals will be placed before the board for consideration following receipt and after the irrigation has been confirmed functioning in individual areas.

Tree trimming hurricane preparation

We have been identifying and removing dying trees and trimming branches away from buildings throughout the year. These efforts are taken to safeguard you and your property. However, prior to hurricane season, we review all trees to ensure nothing is missed, and we go into the season as prepared as we can be. The proposal for the annual hurricane preparation tree trimming is pending.

Roof Replacement & Painting

We have surpassed the half way mark for the roof replacement project, and are currently working on buildings 38, 39, and 40. The building painting will resume again in May. Notices will be sent out once we have the start date for respective buildings. Please know that at present, we will proceed with touchup painting only on all buildings. We will schedule full painting for those buildings that are due for full painting sometime after the roof replacement project has been completed.

Roof Replacement Schedule

Following is the order in which the roofs are being replaced. The **bolded** buildings have been completed. Once

MONEY MATTERS - Jo Elmlad

Reminder: Our monthly assessment fee increased to \$260.25 effective April 1. Please update your payment process accordingly to avoid late charges.

Financial reports, summarized as of March 31, 2025, showed reserve expenses totaling \$666,085. Of that amount, \$597,341 was expensed from the Roof fund and \$68,744 for siding from the R&R fund. The special assessment collected to date includes \$2,368,350.02 accumulated in 2024 plus \$537,158.30 collected through March 31.

From an operating budget perspective, we continue a negative trend so far this year as we are over budget for March and year to date. March's actual operating expense was \$153,183.58 compared to a budget of \$139,790.69 for a difference of -\$13,392.89. The year-to-date comparison was an actual of \$444,522.33 vs. a budget of \$419,372.07 for a difference of - \$25,150.26. Legal fees, property insurance, payroll, pool maintenance, water bills, and bank coupon charges contributed to the over-budget result. The bank coupon charge of \$2,691.65 in March, compared to the monthly budget of \$291.67, somewhat distorts our result. Typically, this bank fee is paid in March or April and is budgeted as such. Our comparison results would be more accurate if this budgeted amount were corrected. Staff payroll and management fees are difficult to monitor with the splits and changes we've made. Pool maintenance and our water bill were over budget due to multiple pool leaks and certifying staff to oversee pool monitoring. The leaks have now been repaired; we anticipate more normal pool expenses. Legal fee expenses included fees for developing the Capital Contribution amendment. This change requires a vote of the community accomplished via a mailed explanation and ballot to be turned to the office. More information regarding this option will be provided soon. Watch your mail for this notice and be prepared to vote yes for this change to increase our income..

The Receivables Aging report for March indicated 47 delinquent owners with monthly assessment receivables totaling \$55,940.04 compared to \$57,618.59 at the end of February. We did receive one delinquent payoff of \$9,561.35 and an interim payment of \$2,200 from our attorney during the month. Special Assessment receivables list a total of \$524,761.39 for 302 owners, indicating they have not yet completed paying their full special assessment amount.

The spending cap of \$250,000 for the R&R Fund currently restricts making payments from this fund without making some adjustments. We add \$18,393.17 to the fund monthly as part of our regular monthly fee, but that doesn't cover the current invoices being received. Multiple alternatives and options are being considered as to how best to adequately fund the roof project's completion.

As noted in prior newsletters, the roof replacement did not include the additional expense of refurb/siding replacement or painting those areas. Painting a full building or just touching up new wood or siding affects expenses significantly: \$1,760 (fully painted) vs. \$575 (touch-up) per unit. The cost difference is significant, with more than 200 units needing painting. At its April meeting, the Board approved using touch-up painting for the remainder of the roofing project. Unfortunately, we also have additional anticipated expenses outside of roofing that impact reserve fund spending. Water remediation and clubhouse restoration are on the "to-do" list, as well as irrigation and road repairs. We must be prepared to address these needs to ensure our homes and community retain their value.

APRIL 1, 2025, THE MONTHLY ASSESSMENT CHANGED TO \$260.65.

THE ROOF SPECIAL ASSESSMENT PAYMENT PLAN ENDS IN JUNE 2025.

THE FINAL PAYMENT OF \$538.00 IS DUE JUNE 1, 2025.

IN THE SSC SPOTLIGHT...

Beginning this issue, each month the SSC is honoring a member of the community for their volunteerism. Each honoree will receive a plant and be featured in the SSC SPOTLIGHT. This month, we recognize Vincent Seow for his hard work as a major member of the Can-Can crew for 4+ years. SSC functions would be financially constrained without his help collecting cans for recycling. Vincent and his wife, Janice, have been married for 47 years and have lived in LOW for 32 years. They share a daughter and two granddaughters, aged 3 and 5, who live in Long Island, NY. An avid walker, Vincent also adds steps to his walks by delivering the monthly LOWHAN. He and Janice contribute yummy snacks for 1st Friday events, and he helps direct traffic during Seminole county elections and special community events. SSC extends hearty thanks to Vincent for his hard work and support on behalf of our community. Vincent— you are truly appreciated!

**AND SPEAK-
ING OF CAN-
CANS...**

We need more volunteers to help collect them on Friday mornings, LOW's recycling pick up day. You get to ride in the golf cart and enjoy our beautiful Florida weather. The commitment is small, usually one Friday per month, and you are finished in a few hours. If you can help, please call Terry Decker, 405-650-9719.
